call for student writing & photography/ drawings

The 39th Annual California Conference on American Indian Education is approaching quickly and, once again, we wish to showcase the writings of American Indian students from our state in a small booklet (chapbook) available to each participant who attends the conference. We are requesting poetry, short stories, and photography from all K-12 American Indian youth who reside in California. If possible, we would prefer black and white photographs but will accept color.

All submissions should address the conference theme "Indian Education: Creating Connections" Photographs and writings that demonstrate the power of intergenerational education, whether formal or cultural, are especially welcome.

Please inform your youth about their opportunity to have their work published and encourage them to submit their writings to:
